Summary: Robin's written a song about the Shepherds. Chrom must endure the horrors of his song... (Songfic)

***Chapter 1*: Shepherd Rap**

A/N: Yeah... I don't know anymore. This is based off of the DK Rap from *Donkey Kong 64*.

Umm... Enjoy...

I don't own Fire Emblem or Donkey Kong. Those are owned by Nintendo...

"CHROM!" Robin ran into Chrom's tent, with Gerome and Lissa following closely behind him.

"Yes, Robin?" Chrom asked, not looking up from whatever he was doing.

"I need to show you something I made!" Robin replied, smirking.

"What?" Chrom groaned.

"This! LISSA! GEROME! HIT IT!"

Here, here, here we go.

So they're finally here,

Performing for you,

If you know the words,

You can join in too.

Put your hands together, if you want to clap,

As we take you through, this Shepherd rap!

Huh!

CK! Chrom-y Kong!

He is the leader of the bunch, you know him well.

He's finally back to kick some tail!

His Falchion is swung in spurts,

If he slices ya, it's gonna hurt!

He's bigger, faster and stronger too!

He's the first member of the Shepherd Crew!

Huh!

CK! Chrom-y Kong!

CK! Chrom-y Kong is here!

This tactician's got style, so listen up dudes,

He can change his class to suit his moods,

He's quick and nimble when he needs to be,

He can float through the air and hide among trees,

If you choose him, you can't meet disaster,

With the tip of a scale, he's one cool Grandmaster!

Huh!

CK! Chrom-y Kong is here!

She has no style, she has no grace,

This lord wears a mask on her face,

She can backflip when she needs to,

And stretch her Falchion out just for you,

Wear tacky dresses covered in balloons,

This crazy lord just digs this tune!

Huh!

CK! Chrom-y Kong!

CK! Chrom-y Kong is here!

She's back, and about time too,

And this time, she's in a mood!

She can fly really high on her Pegasus horse,

With her Galeforce out, she's tough, of course!

She'll make you smile with her flower petal fortune,

But Risen beware, because she's after you!

Huh!

CK! Chrom-y Kong!

Huh!

Finally, she's here for you,

The last Grandmaster of the Shepherd Crew,

This girl's so strong it isn't funny,

Can make a Risen cry out for mummy,

Can activate Aether with relative ease,

Makes wielding Thoron seem such a breeze,

She may lack Rightful King, she's not a magician,

But this blue-haired unit's one heck of a tactician!

Huh!

C'mon, Lissa, take it to the Barracks!

Walhart, Panne, Virion smells,

Gaius, Kellam, Owain, and Anna's skills!

Ahh yeah!

Walhart, Panne, Virion smells,

Gaius, Kellam, Owain, and Anna's shills!

Ahh yeah!

"Are we done now?" Gerome growled, scowling at Robin.

"Yes, we are. You now have Lucina's and I permission to marry Morgan."

"Thanks." Gerome muttered, quickly walking out of the tent.

"Sooo... What was the point of showing me that?" Chrom asked.

"Dunno. I just felt like it."

"I don't get you Robin..."

"Same here, Chrom."

Chrom stared at Robin for a while.

"Get out of here." Chrom ordered.

A/N: Thanks to Gracidea Shaymin of Smashboards for helping me out with this!

Feel free to review!
